## Our History...

Service Foods, originally part of the Goodman Fielder group, has had a long established history in New Zealand.

During the 1980's multiple branches were established across the country and Service Foods became the first truly national foodservice distributor.

In the late 1990s the Service Foods network was sold off to owner operators, becoming family owned.

Service Foods as it is known today began its operations in Christchurch as a small grocer. This later expanded into Balar's Foods Ltd, a wholesaler servicing the expanding hospitality market with dry goods and fresh produce.

In 2005 the acquisitions began, commencing with Asian Food Warehouse. The wholesale and retail divisions were combined into the Christchurch operation.

Service Foods was acquired during 2008 which added chilled and frozen products to the overall portfolio. The name Service Foods was retained for the combined business.

In 2009 Service Foods Ltd was voted one of Deloitte's fastest 50 growing companies in New Zealand.

The expansion into the North Island began late 2009 with the acquisition of Polar Foods. This continued with New Zealand wholesale seafoods in 2012, Meat Cuisine and Art of

Produce in 2014, and Gameford Lodge in 2015. Most recently during June 2016 the acquisition of IMP meats has added a butchery operation to the South Island.

The directors of Service Foods work day to day in the organisation to support the team and valued clients, and with an emphasis on re-investing profits in New Zealand to benefit its stakeholders and the greater local community.

Service Foods strives to offer an extensive range of products and services to fulfill any customer's needs.

With the addition of our fresh departments – butchery, seafood, and produce – we are now processing onsite to ensure the freshest and best quality ingredients are provided to the market. This wide range is a great addition to our existing chilled, dry, and frozen lines.

Service Foods is now one of the largest independent New Zealand owned and operated foodservice companies, employing in excess of 350 staff and with a truck fleet of 65 temperature controlled vehicles.

Our success firstly comes from our loyal customers and from the vision, hard work, passion and well planned strategies from the owners and employees of the company. The grass roots beginning of Service Foods has served as a great platform for the growth of the wholesale division and now Service Foods is recognized as one of the leading foodservice companies in New Zealand.

## Our Destination

At Service Foods our destination is to not only be the best foodservice provider in New Zealand, but to go beyond the material aspects of the sector. Going beyond the normal everyday processes means educating our customers on the various ways our products and services can help make a difference to the success of their business and the satisfaction of their customers

Like people, our destination is ever changing as time goes by; new products and innovations are only the start but our focus continues to remain on sourcing the right products, storing them correctly, picking them accurately and then delivering them to your in door in a controlled environment. Its that simple

Our team of highly skilled and knowledgeable members are trained to follow the above philosophy and ensure you get the best out of your service experience

## Our Products

Service Foods stock an extensive range of quality products, consisting of:

**DRY | CHILLED | FROZEN | PRODUCE  
BUTCHERY | POULTRY | SEAFOOD  
PACKAGING | HYGIENE**

However, we can source any product that you may require - contact your account manager or service operator for more information.

## Our Achievements

**Deliottes Fastest 50** In 2009, Service Foods was voted as one of the top 50 fastest growing companies in New Zealand. This award cemented our company as one of the leading food service distributors in New Zealand and our customers and stake-holders can rely on us to be around for a very long time to come.

## Our Ordering System

At this stage, there are 5 ways you can place an order with us:

**Phone** - one of our customer service representatives will be able to take your order and suggest other solution while you are on the phone.

**Call and leave a message** - if you are ordering outside our office hours then you can narrate your order on an answering machine, the message will be cleared at ongoing intervals.

**Fax** - this will be received and entered in to our system and we will call you back if there are any issues related to your order.

**Email** - this will be received and entered in to our system and we will call you back if there are any issues related to your order.

**Online** - to reduce errors and speed up ordering log on to [www.servicefoods.co.nz](http://www.servicefoods.co.nz) to set up web ordering.

Dairy for life

## Tasty Cheddar

Mainland Tasty Cheddar is matured for up to 18 months to develop a full-bodied flavour. Tasty has a coarse, slightly crumbly texture.

## Slice on Slice

Made from Mainland cheddar cheese;

- Sandwich has a natural pale yellow colour and also works well in pies.
- Burger contains 'annatto' (a natural food colour) which gives it the popular orange colour.
- Swiss is made from Swiss Cheese with a sweet and nutty flavour and is recommended for gourmet sandwiches and burgers.

## Cream Cheese

Velvety soft and smooth. Spread on bagels and crackers or use in cheesecakes and salads. Heat stable for baking and cooking.

## Sour Cream

Our Anchor sour cream formulation is heat and acid stable so it is less likely to split and has been tested by chefs. It is widely used in cooking, baking, as a topping and as a base for dips, dressings and sauces.

## Creamy Feta

A creamy Danish-style Feta that has a smooth and firm closed texture. Perfect for slicing and dicing or where a creamier mouth feel is required.

## Parmesan Shaved

Freshly shaved for convenience. The rich flavour and authentic piquancy of these thin shaved slices are a delicious addition to any dish.

Give your customers something worth going out for!

SERVING SUGGESTION

Speedibake is a range of **Classic** and **Rustic** dinner rolls & sliders, lunch rolls and sharing loaves for all meal occasions. Our extensive range is convenient and quick to prepare.

Simply 'THAW & SERVE' any product from our new range for added speed and convenience without compromise. Alternatively, for that just-baked taste and aroma, 'FLASHBAKE' our bread for a couple of minutes – less than half the time of traditional par-bake.

WE TAKE THE TIME, SO YOU DON'T HAVE TO
